JALT 2011 11 20 GW Reinelt 5 Min Sprechen

- Abstract from OLE NL 60 **Rudolf Reinelt**, "5 Minuten Sprechen"
- Dieser Beitrag hat das Ziel (Teil 1) zu zeigen, dass Studenten auch im zweiten Studienjahr noch mit Muttersprachlern der Zielsprache Deutsch sprechen können, obwohl die Lernbedingungen gegenüber dem ersten Studienjahr weit weniger gut sind (z.B. mehr Fachkurse, Kontakt nur einmal die Woche). Teilweise war sogar ein Fortschritt beobachtbar. In diesem Beitrag stelle ich, nach einer Einführung in den Unterricht beim

Ziel

- Im zweiten Studienjahr Deutsch:
- Herausfinden, ob Zunahme, Abnahme oder Vergessen der Fall ist

Hypothesen

- Hypothese 1) Abnahme aufgrund des reduzierten Kontakts
- Hypothese 2) Beibehalten oder Wiedererinnern durch kontinuierlichen Zielsprachenkontakt
- Hypothese 3) Zunahme durch Erlernen neuer Sprachinhalte/Fertigkeiten

5

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

Background and conditions here:

- - Second year of 2FL German learning(1st year 2x15(x2)x90min)
- - contact other than with the author unknown
- - reduced weekly active 2FL German contact
- - little progress to be expected
- - hypothesis 1: less ability than in the first year due to lack of contact and/or attrition/forgetting

6

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

Hintergrund und Bedingungen

- Zweites Studienjahr
- Zielsprachenkontakt (ausser mit RR) unbekannt, nicht voraussetzbar
- Reduzierter Zielsprachenkontakt nur einmal 90 min pro Woche
- entsprechend wenig Fortschritt erwartbar
- Hypothese: Weniger als im ersten Jahr aufgrund von fehlendem Kontakt, Rueckgang oder Vergessen

7

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

Theories

Three approaches become relevant here depending on the conditions considered.
There is no way to know in advance.

8

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

1) 2nd Foreign language (German) **acquisition**:

- instruction does take place: Once a week for 90 min, regular homework, protocol writing of selected items which have surfaced during class
- progress: increase in learning, acquisition, etc.
 - - new vocabulary
 - - new grammar, e.g. subordinate sentences
 - - new pragmatic items: requesting etc.

9

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

2) Foreign language (2FL German) **maintenance**

in the mother tongue context

- background: retention comparatively strong from first term to second term in the first year,
- can be supposed to be the case on through year two?
- factors?

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

3) 2 FL (German) target language **attrition**

- - instruction is reduced (considerably less than in the first year (2x90 min per week))
 - - no need to take the course
 - factors for attrition (Wenders etc.)
- n.d. (2011) Second-language attrition.

12

This study

- here only speaking considered
- so far not available as study: Students did not have such skills until recently
- the former two-year German courses were never researched enough. No oral exams available. On-going mid-high FL contact (2x2 terms of contact hours, but hardly effective).

13

- Two conditions:
- One student each for
 - target language major
 - German
- - non-target language major
- European studies (usually only done in Japanese)

14

methods of research

(usually determined by what is available, here complete documentation of two cases)

- quantitative

- The generation of models, theories and [hypotheses](#)
- The development of instruments and methods for measurement
- Experimental control and manipulation of [variables](#)
- Collection of empirical data
- Modeling and analysis of data
- Evaluation of results

15

- in this case e.g.
- length of uninterrupted (upheld) communication
- - nr of utterances

16

method of research II

- qualitative

- [grounded theory](#) practice,
- [narratology](#),
- [storytelling](#),
- classical [ethnography](#), or
- [shadowing](#).
- [action research](#) or
- [actor-network theory](#).

18

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

- Use transcripts to compare
 - the two students to each other
 - the oral exam contents with first year contents
 - with contents from their first term tests

19

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

- speaking partner condition comparable:
 - new partner
 - no specific instruction on the oral exam
 - (i.e. the same conditions hold from the first term oral exam)

26

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

- topics addressed

repetition unavoidable with every new speaking partner

enhancement?

- new speech actions:

- -initiate new topic and stay with it for a short time S1 033- 042
ideally: going deeper on answers to questions as progress
S1 43-53

HW 046fahre ich nach Tokyo

S1 051 Was machen Sie in Tokyo?

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

- **Forgetting**

- presupposes good learning, intensive practice and repetition

- frequent phrase: S2 049 umsonst S2 063
Freizeit

- everything else:

- ability to conduct the oral exam =
maintenance

29

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

- Note: (Except for new vocabulary, new grammar and new speech actions) It is difficult to prove whether any progress was made due to the second year instruction !

30

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

- Note: There is no positive evidence for attrition/ forgetting

31

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

- Conclusion
- On the surface: Long speaking time
- From detailed results (only in part here)

- We may be able to say that even reduced instruction time can lead (as in these two cases) to
 - - sufficient retention
 - - increase in possible speaking time
 - - increase in demonstrated second foreign language abilities
- but also some forgetting

32

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

- Future research:
- One student through from first term, second term and into second year oral exams.

33

JALT 2011 11 20 GW Reinelt 5 Min Sprechen

- Further research tasks
- - here only case studies
- - larger cohort (but hard to get!)
